Riverdale Nature Preservancy Update on 2013 Activities

Our ongoing commitment is to:

- **protect our community's Special Natural Area District, natural features and neighborhood character** whenever proposals and activities threaten their unique character and natural beauty,
- **monitor development**, and
- **disseminate information.**

We need your financial support to make this work possible.

As we work to ensure that the needs of our communities are met, we must be prepared to bring expert advice, resources, and community advocacy and focus to the table. Our efforts are made possible by our volunteer board and by the gifts of our strong, active, informed community.

[Donate Now](#)

Please support the work of the Preservancy with the most generous gift you can make. Your gift is fully tax-deductible.

Protecting Neighborhood Character

Our main effort in 2013 was directed to changing the course and minimizing the negative impacts of a development proposed by the Hebrew Home for the Aged along Palisade Avenue.

[Visit our Website](#)

Our efforts, combined with those of other community groups, have led the Hebrew Home to present alternative plans.

Implementing Greenways

Fourteen individual links and many capital projects are proposed to implement the Hudson River Valley Greenway over 10+ years.

We have conveyed to NYMTC and the Community Board our general agreement with a route along the water alongside our belief that a great deal of work needs to be done in conjunction with neighborhood input to realize safe and respectful designs of the route through Riverdale.

We have also proposed to NYMTC a series of open community design meetings

during implementation, which we have offered to facilitate.

Community Outreach

- Next Annual Meeting will be April 2014
- Co-sponsored Riverfest 2013, June 2013
- Partnered with Riverkeeper on clean-up at Riverdale Waterfront Promenade, May 2013
- Letter of Support to coalition seeking to preserve the vista of the Palisades through redesign of a building proposed by LG Electronics, April 2013

Redesigned Website

Please visit our redesigned website at www.RiverdaleNature.org, and **opt-in** to our email alerts by clicking "**Stay Informed**" on our home page.

New Email Address

You may always reach us with your concerns through our email address:
